Visit Us at IEC CON 2015 in Tampa

Direct takeoff to estimate streamlines the bidding process for faster, more accurate and consistent estimates. Count and measure material requirements in SureCount for direct takeoff to IntelliBid for an instant bill of material and labor - **Takeoff to BOM in fewer keystrokes!**

*Direct
Takeoff
to estimate...
reduce
keystrokes!*

Stop by our booth at IEC CON 2015 for demonstrations of SureCount, IntelliBid and our award-winning project management software, JobTrac -- solutions that tie estimating and project management together with project collaboration that results in a more efficient workflow process. ...[read more](#)
